

TRINITY:

HEART & SOUL

**Celebrating major life events
at Trinity Bristol
January - October 2018**

Celebrating Trinity

Situated in the Lawrence Hill ward of East Bristol, Holy Trinity Church was built in 1829 to meet the needs of the local parish. For almost 150 years, the community was served by this shining beacon of refuge, providing the perfect environment for reflection, performance and public ceremony. As the area became less populated, so attendance inevitably declined leading to the Trinity doors closing in 1977.

Reopened as a multi-purpose venue, Trinity has been managed as an arts, music and community centre by a succession of third-sector organizations. Its current steward, Trinity Community Arts, has now restored the building to its former glory showcasing some of the stunning architecture and stained glass interior as the setting for a variety of theater, music, art exhibitions and community events.

'Heart & Soul: Trinity in the Community' is a programme of learning and participation activities that celebrate Trinity's past, present and future.
